

SCHEMATIC DIAGRAM

71002 404 W450

CAUTION
This schematic diagram is a general standard one. The parts calling out in this schematic diagram will be subject to change without notice.

NOTES
 Δ: CERAMIC capacitor.
 □: FILM capacitor.
 All ceramic capacitors are above 25V rating.
 All film capacitors are above 50V rating.
 BP: 51 POLAR capacitor.
 NP: NON POLAR capacitor.
 T: TANTALUM capacitor.
 All all capacitors are ELECTROLYTIC capacitors unless otherwise noted.
 Unless otherwise indicated:
 Resistance in Ω, K=K, M=M, Q=Q.
 Resistors: 1/4W +/-5% rating.
 Capacitance in p=PF, u=UF.
